

# BOLT-ON EDGE SYSTEMS FOR LOADERS

**Currently Available for specific  
Caterpillar®, Kawasaki,  
Komatsu, and Volvo  
Loaders**

- Half-arrow design protects the leading edge and increases penetration.
- Serrated bottom holds packed material extending wear life.
- Cast from the same tough alloy as Hensley teeth, providing hardnesses of 477 thru 532 Brinell.
- Casting design incorporates material relief areas to maximize strength while reducing material throw-away.
