

TEXAS TREES
FOUNDATION

Hensley Industries Financial Impact Report

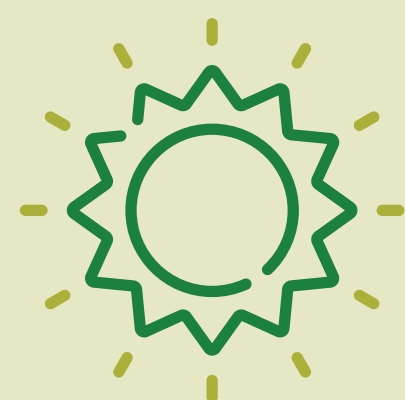

Thank you for joining the Texas Trees Foundation on its journey to create a greener, cleaner, healthier Dallas!

Your investment is critical to the success of creating thriving green spaces that are accessible to all.

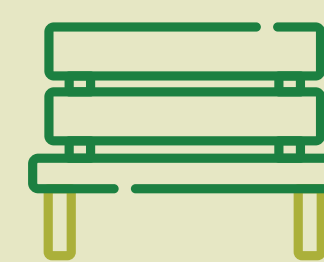

Key environmental factors have been identified as critical to impacting the health and well-being of the residents and visitors of Texas.

Increase tree canopy to **33%**

Reduce urban heat island index by **20%**

Increase the number of people who live within a mile walk of a park or trail to **80%**

Our combined efforts speak to a focused movement toward being good stewards of green spaces in a way that creates healthy, enriched environments for everyone.

Thanks to Hensley, we successfully advanced this mission by planting **50** trees in Reverchon Park through **90** volunteer hours.

Reverchon Park Tree Planting

In Partnership With:

At Texas Trees, we are committed to investing where the benefits of trees will have the greatest impact on the health and well-being of the community.

Community Report

34% People of Color

4% People in Poverty

29% Current Canopy Coverage

Healthy trees mean healthier people.

Over the next 50 years, these trees will

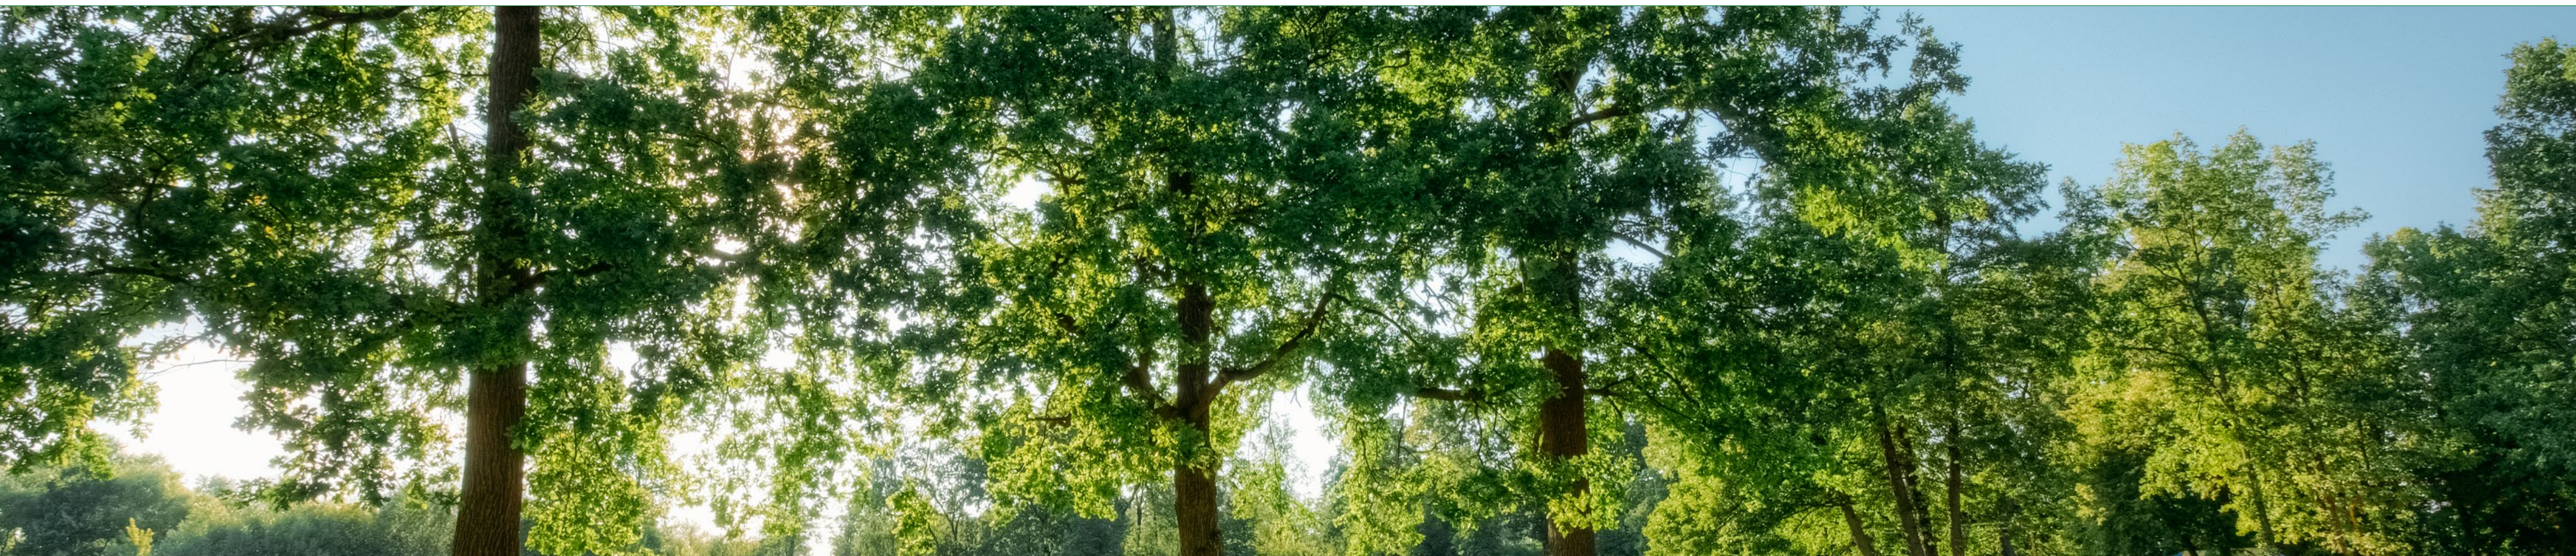

- Remove **544,991.33** lbs of air pollution particles
- Prevent **465,534.90** gallons of rainfall runoff and intercept **1,920,699.40** gallons of rainfall
- Sequester **542,886.50** lbs of carbon
- **65,725.70** lbs of CO₂ Avoided
- **1,746.83** lbs of O₃ Removed
- **12.69** lbs of NO₂ Avoided
- **249.18** lbs of NO₂ Removed
- **121.02** lbs SO₂ Avoided
- **14.88** lbs SO₂ Removed
- **19.10** lbs VOC Avoided
- **24.17** lbs PM_{2.5} Avoided
- **93.94** lbs PM_{2.5} Removed
- **\$61,202** in Cumulative Benefits

**For every \$1 invested in planting trees,
a \$2 return in economic benefit is seen.**

9 of the 17 United Nation's Sustainable Development Goals align with the Texas Trees Foundation's mission

TEXAS TREES
FOUNDATION

Improving the health of cities and people through the transformative power of trees.

Celebrating 42 years of addressing urban forestry issues across Texas, the Texas Trees Foundation continues to serve as a catalyst for maximizing the benefits of trees and creating enriched and healthy green environments for everyone. Scientific research has led our vision of transforming outdoor spaces into greener, cleaner, cooler and healthier communities, while educating the public of the social, economic, environmental, and health benefits that trees provide.
