

HENSLEY ANNOUNCES THE RELEASE OF THE 3" BLADESAVER® QM QUARRY LIP SYSTEM

The Bladesaver® QM from Hensley Industries epitomizes Hensley's focus on greater safety and increased ease of use in this lip system ideally suited to the rigorous demands of the quarry market. The BSQM is now available for WA800 and WA900 loaders and is soon to be released for comparable loaders of this class.

- ▷ Safe, durable, and easy to use: the BSQM is the next step in quarry lip systems
- ▷ Hammerless system for shrouds, teeth and end caps means easy, safe and quick changes in the field
- ▷ Smooth floor/ flat bottom improves cycle times, penetration and material flow
